

## **Laic Khalique**

---

### **Co-opted Member**

Laic Khalique is an experienced director and senior strategic and operational delivery leader with extensive experience within the health and social care sector, specialising in the conception and implementation of new digital patient pathways. He has worked as Head of Digital Technology for NHS England (London Region) and currently works as a Director of Digital Technology at NHS Tayside.

Laic was a Deputy Non-Executive Director of the Scottish Government from 2019 with a focus on assurance and risk management.

Laic continues to work with the Scottish Government as a member of the Race Equality Action Plan Board, with a focus on advancing race equality and diversity across the communities of Scotland. He is currently leading on the development of a new National Public Sector Minority Ethnic Equality Forum for Scotland.
